

SIA "Real Estate Agency of Mortgage Bank"

SIA "Real Estate Agency of Mortgage Bank" was founded in 1999. The sole founder of the company is the state-owned joint stock company "Mortgage and Land Bank of Latvia" which makes it easier to obtain a mortgage loan since the clients are offered not only intermediation or construction services, but also a possibility to obtain the funds necessary for implementation of the project quickly and on good terms.

SIA "Real Estate Agency of Mortgage Bank" also offers clients to carry out highly professional risk assessment of the investment projects.

The company services the clients and prepares the transaction documents. To ensure high quality of the process it is of utmost importance to gain trust of the parties to the transaction that is built on the employee's knowledge of the paperwork, its sequence, deadlines, estimated expenses of the client, market situation of the branch, documents governing the sphere. That all results in established and developed mutually beneficial business relations with the clients and transaction parties and promotes implementation of the clients' interests and relieves the clients from necessity to get involved in the course of the transaction.
